

Happy living, safe living

e-skin Sleep & Lounge is smart apparel for the wellbeing and health monitoring of elderly people. It analyzes the wearer's sleep condition and automatically adjusts the room environment accordingly, while also enabling everyday monitoring of their behavior and fall detection.

Sleep & Lounge

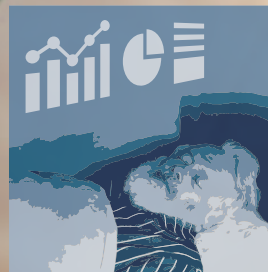

Casual sleep wear for extra comfort
Monitoring of daily activity level
Sleep analysis and feedback
Fall detection (Slip and Fall – Trip and Fall)

Activity Tracking
Proactive exercise guidance
via smart speaker connection

Remote Monitoring
Alarm function for dangerous
trip and fall accidents

Sleep Council
Evaluation and advice for
sleeping habits via app

e-skin Sleep

e-skin Lounge
